### Tour the Town

Trip Advisor's "#1 walking tour" has added new excursions just in time for summer! **Boulder Walking Tours** offers trips around Boulder for everyone from the foodie to the flower-lover. Some of the new tours include the "Chautauqua Tour," a 90-minute hike around the oldest operating chautauqua west of the Mississippi; "Meet the Farmers," a one-hour meet-and-greet with the farmers at Boulder's legendary farmers' market; and "Get Out in It," a two-hour hike with a trained naturalist who will help you explore local geology, flora and fauna. These explorations offer adventure and education that the normal trip to the mountains or the city lacks. For schedules and more tours, visit [boulderwalkingtours.com](http://boulderwalkingtours.com)
